

RED CROSS TO GIVE SCHOOLS GARDEN FUNDS

Donate \$500 to Use of Board in
Directing Children's Project
of Planting.

Through the generosity of the local chapter of the Red Cross school gardens for the children of the public schools of Rock Island are assured. The chapter has donated \$500 to be added to the garden fund. This, and a sum of \$120 from the rental of a patch of ground not to be used this year for garden purposes, makes the total garden fund \$620. There is yet a sum of \$150 needed.

Various means for raising the amount necessary to finance the school gardening project have been discussed by the board, and it has decided to make an appeal to the public to provide the funds, when the Red Cross volunteered its donation.

This is the second time within the last few weeks that the Red Cross has given material assistance to the public schools. Some time ago the Rock Island schools were able to put on a health program, with the cooperation of the Red Cross, which added much to the efficiency of the schools through the feeding and care of under-nourished children.

Their gift to the garden fund is commendable, not only because it meets an immediate need, according to school officials, but it is a great factor in keeping before the public the merits of the Red Cross through their auxiliaries.

Work Started Soon.

Work on the gardens will be begun, under a competent director, as soon as the condition of the soil will permit. The garden territory is about ten acres in extent. This will be divided into plots 20 by 40, to be worked by the children.

Some of the seeds will be received from the government through the courtesy of Congressman W. J. Graham. Others will be provided through the fund. The proceeds from the garden stuff will go to the children.

It is hoped that eventually a plan can be worked out for making the garden fund a rotating one, the gardens for each year providing funds for use the next.

GREAT-GRANDMA'S DREAM FULFILLED; GIRL WINS FAME

Miss Nancy Van Kirk.

Miss Kirk is making a tremendous success all over the country with her "Children's Hours," which comprise stories and songs of various countries in various costumes. She attributes her success to the carrying out of a prophecy her great-grandmother made many years ago that the little miss would make her fortune singing to children.

**A "blessing" these
days for both
buyers and sellers
of used furniture—**

There are many families who want to be rid of certain pieces of furniture they already own. However, these pieces are too good to throw or give away, and it is difficult to find someone who just happens to need such pieces and will make a decent offer for them—

So it's a "blessing" to know that such used pieces can be turned in to our Exchange Department as part payment on new furniture, without paying anything extra for the service.

Then—there are many families who really need furniture but feel that they cannot afford to buy new things at present prices. They are glad to buy at a reduced price this used furniture after it has been refinished—glad to overlook the fact that it is not entirely new—so it's a "blessing" for them, too.

What have you got in used furniture that you would like to turn in as part payment on something new?

Or—can you use some of this re-made and refinished furniture at a big saving in price from what you would have to pay for new?

Call or phone. Tell us just what you want to get rid of, or what you want to buy. No obligation whatever.
